July Monthly Meeting & Summer Party

Guest Speaker: Bill Hubard
Chief Economist, MIG Investments

After graduating, Bill joined Morgan Guaranty in 1971 on the government bond desk. He then worked in various jobs as a broker and trader to some famous names such as Salomon Brothers before he moved to the UK in 1997, when he joined Bloomberg, becoming known as the "Big Bill of the Bloomberg Big Board." This was followed by a two year stint for CNBC where he was their economics commentator before joining MIG Investments as chief economist in November 2008.

Bill will draw on his vast market and life experience to explain how foreign exchange markets provide the ideal platform for investors to participate in the financial markets with 100s of FX pairs available to trade 24-7 in all parts of the world and not feel constrained by having to trade instruments which are opaque. His customer base feels that they are trading on a level playing field and can make decisions based on fundamental and technical analysis and their local knowledge.

Bill will share some insights into his long and colourful career as a trader, broker and market journalist and explain his views on the US dollar.
