December Monthly Meeting & Christmas Party

Speaker:

Brian Marber FSTA

A Christmas Cracker

Having been a technical analyst since 1963, Brian brings the benefit of perspective to his analysis of the markets. He worked at Investors Overseas Services and then at NM Rothschild & Sons. He was the first fund manager in the UK to manage large funds using only technical analysis.

For six successive years, institutional investors voted him the best technical analyst in the City. He also has an outstanding FX forecasting record.

In the 1980s he was a member of the Visiting Faculty of International Management Institute (Geneva), the oldest-established business school in Europe. He has taught technical analysis at the Ministry of Finance in Singapore.

His book "*Marber on Markets*" was published in the UK in 2007, in India in 2008, and is due to be published, in translation, in China.

Brian can't share all of his 54 years experience with you in 45 minutes but he will give it a good shot.

Chairman's Notices

Dates for 2010 Monthly Meetings are attached – and are also available for download at www.sta-uk.org
