Retiring Chairman, STA
Head of Technical Research
CQS (UK) LLP

Technical Analysis and the STA – Reflections on the industry from an outgoing chairman

Adam Sorab has been Chairman of the STA for ten years and is a Director of the International Federation of Technical Analysts. He is also Head of Technical Research at CQS (UK) LLP, a London based hedge fund. At CQS, Adam is also Head of Investor Relations, a Director of CQS Management Limited and a member of the firm's Operating Committee.

Prior to this, Adam was Director of Absolute Return Strategies at Deutsche Asset Management. He joined DeAM in 2000 from CSFB; where he was a founding member of the firm's hedge fund operation, the Leveraged Funds Group. Prior to this, he worked at Schroders in London, as a trader in foreign exchange and interest rate derivatives. Adam began his city career in 1984 and holds a degree in Economics from the London School of Economics. He is also an independent member of the investment committee of the BUPA Pension Fund.

In his talk Adam will look back at the history of development of technical analysis in the UK. He will also highlight the extent to which technology has changed the industry and reflect on his experience of the use of TA in the hedge fund industry.

Summer Party

As a reminder mainly for newer members, the Summer Party is limited to members only, and the talk is curtailed to some 30-40 minutes, with an extended social session following. Please could members, of either category, ensure they are fully paid up, and to bring their cards. Please contact STA Administration if there are any problems.
