Head of Technical Analysis  
**Updata**

#### ***Understanding and Using Point & Figure Charts***

Jeremy has been involved with Technical Analysis for over 25 years. In 1981 he founded Indexia Research to produce PC based TA software. In 2001 he merged the company with Updata plc, where he is now Head of Technical Analysis and the designer of Updata's Technical Analysis software. He is the author of *The Definitive Guide to Point and Figure*.

Jeremy will give a quick refresher on Point and Figure charts and then discuss how they can be used objectively and effectively. He will also discuss how computers have allowed new and sophisticated techniques to be added to Point and Figure analysis.

**IFTA Journal:** A pdf copy of the 2008 IFTA Journal is now available for download from the members area of the website.

*This is a large file (5Mb) and if members are unable to download it, a limited number of paper copies are available from the office.*
